[Chorus: U-God]

I'm sorry, Jenny, I made you cry, I tried  
I'm sorry, Jenny, all the pain inside, I lied  
I'm sorry, Jenny, I made you cry, I tried  
I'm sorry, Jenny, for all the pain inside...

[U-God]

We started as friends, you had a boyfriend  
I took you from your man, that's the way we began  
I didn't think it would come back to me in the end  
That wasn't part of the plan, you had my heart in your  
hands  
I guess broken wings, are hard on a man  
You ran back to scams, had me stuck in a jam  
I didn't understand, where we went wrong  
I tried to block you out, but you call on the phone  
I want to, bad to the bone, all to myself, all alone  
You sighed on the line, then I heard a dial tone

[Chorus]

[U-God]

Yo, I stayed up so late, just, thinking of you

I wish that I can take back, all the pain we been through  
On the path by myself, my back's on the wall  
Sometimes I want that I shouldn't have met you at all  
I told you if you just, leave the man you was with  
I'll take you back in my life, and we'll seek happiness  
Then you finally did, I took your heart for a ride  
I didn't tell how, I had a chick on the side  
It's been a couple of months, in this triangle of love  
I didn't realize, she was the one that I want

[Chorus]

[U-God]

Now was I young, was I dumb? Was I wrong?  
I had thought we had a special bond  
Come back, run, come back, run  
I thought we was tight as a blood

What is love? What is love?

[Chorus]
