#### English translation

I'm finally here  
The place where we metBuried in the fragments of  
time  
The stars disappear into the distance  
Within long-lasting pain  
My wish would freeze With trembling eyes and a  
broken heart  
But you came to find me The light of miracle that I saw  
In the distant end of the world  
Now softly touches each other  
Just like white snow You and me  
We merge together  
And finally become a true self The snow melts and  
glitters in the night  
Become the wind, urge onto travel

The wish of the blessed wind  
Is unrequited loveEveryone will leave on a journey  
someday  
Carrying sadness and hurt  
Searching for the answer  
That will be found at the very endThe snow melts and  
shines in the night  
The wind urges on a journey  
The road of the blessed wind  
Go onwards with a smileLa La La...
