Up in the same situations  
I think back to where we used to be  
I'm guessing your eyes are focused on the thrill  
But we've been thinking about you  
And days I want us to

How can you wait for love to be over  
How can you look away  
Why do we say it's loves fascination  
Why do we walk away

I will leave the dark behind to save you  
But then I think you'd rather be just walk away  
Just keep in touch

I can't find my way  
A lost maze  
But we've been thinking about you  
In a way that I can't face

How can you wait for love to be over  
How can you look away  
Say we stay for love's fascination  
Why do we want to stay
