We can Runaway

Just stay with me, a little longer baby
No you don't have to leave, I know that you're here for
me

You get right through to me, see everything you wanna
see
You're all I'll ever need, so say it's you and me

Coz I'm falling faster every day, Every time you say my
name
Take my hand that's ok, Baby we can runaway

We can Runaway

We can runaway to another place
So don't you be afraid, I only want you babe

It's taken me so long to say, that I feel this way
So tell me honey that you'll stay, that you feel the same

Coz I'm falling faster every day, Every time you say my
name
Take my hand that's ok, Baby we can runaway

We can Runaway

It's all you you you only you
Every little thing you do, It's only you Oh.

Coz I'm falling faster every day, Every time you say my
name
Take my hand that's ok, .. we can runaway

Coz I'm falling faster every day, Every time you say my
name
Take my hand that's ok, Baby we can runaway

It's all you you you only you,
It's all you you you only you

We can Runaway
