She'll let it slide
All the things that I
Have running through my mind
Will all be gone in time
Remember son
All the things you've done
And all the things you lost
And all the things you won

We're just trying to find some color in this
black and white world

Tell me everything (will be alright)
Walk this way with me (into the light)
If you can let it slide
Baby just for the night
Just know that everyone feels broken sometimes

Should have taken time
Things will be just fine
To bite the hand that feeds
Coz nothings ever mine
And just wait your turn
And always try to learn
To love the ones that don't show love in return

We're just trying to find some color in this
black and white world

Tell me everything (will be alright)
Walk this way with me (into the light)
If you can let it slide
Baby just for the night
Just know that everyone feels broken sometimes

When you walking backwards
Don't be afraid to close your eyes
Coz the truth is darling
That everything will be alright (alright)

Tell me everything (tell me everything)

Walk this way with me (Just tell me anything)
If you can let it slide
Baby just for the night
Just know that everyone feels broken sometimes

Oh yeah, everyone feels weak sometimes
Yeah we all feel fucked up sometimes
