I know sometimes, people say it'll be alright  
But I have to think, it's not that way in her mind  
And everything's not fine, so don't tell her it takes time

Oh, everywhere she looks  
She's reminded of his life  
His life

It was dark that night, but she could still see his eyes  
Shining upon her, the stars in the sky  
And it was so bright, giving life to the sky

Everywhere she looks  
She's reminded of his life  
His life

Can you come back down  
You two can ride your bikes  
And dance, and laugh, and forget about such thing as  
time

Can you come back down  
You two can ride your bikes  
And dance, and laugh, and forget about such thing as  
time

Ohhhhhhhhh...  
Ohhhhhhhhh...  
Ohhhhhhhhh...

Can you come back down  
You two can ride your bikes  
And dance, and laugh, and forget about such thing as  
time

Can you come back down  
You two can ride your bikes  
And dance, and laugh, and forget about such thing as  
time

Can you come back down

You two can ride your bikes  
And dance, and laugh, and forget about such thing as  
time

Can you come back down  
You two can have the night  
And take her with you, at least I think that's what, she'd  
like
