She takes her time with the littlest things
Love notes reminding me
She wears red when she's feeling hot
I have her but it's all I got

She looks best without her clothes,
I know its wrong but that's the way it goes

I don't know what she sees in me
But I'm happy she's happy now that she's with me
And I'm freaking out because I'm just so lucky

She makes me feel like shit (it's always something)
But I can't get over it (she thinks it's nothing)
Because she's everything I ask for, everything I ask for
And just a little bit more
Everything I ask for, everything I ask for
And so much more

She loves music but she hates my band
Loves Prince, she's his biggest fan
Not big on holding hands
But that's alright because I still got her

She keeps up on current affairs
Prada is what she wears

I don't know what she sees in me
But I'm happy she's happy now that she's with me
And I'm freaking out because I'm just so lucky

She makes me feel like shit (it's always something)
But I can't get over it (she thinks it's nothing)
Because she's everything I ask for, everything I ask for
And just a little bit more
Everything I ask for, everything I ask for
And so much more

Fist fights turn into sex, I wonder what comes next
She loves to always keep me guessing
And she won't give it up, and we won't know its

because

She makes me feel like shit (it's always something)
But I can't get over it (She thinks it's nothing)
Because she's everything I ask for, everything I ask for
And just a little bit more
Everything I ask for, everything I ask for
And just a little bit more
Everything I ask for, everything I ask for
So much more
Everything I ask for, everything I ask for
And so much more
