The boys they have their eyes all over you
And you're loving every second of attention
I need to find just some way to get through
Or at least some way that I can mention

I'm feeling you, you feeling me
What exactly is holding us back?
I'm feeling you, are you feeling me?
Just give me something, gimme, gimme, gimme
anything

Oh, it's you, and it's true
You're electric I can't get over it
Oh, it's you, and it's true
You're electric I can't get over it
I can't get over it

You're running through my veins you feel like a freight
train
I'm trying everything to keep my hands off of you
So give me something, please, just give me anything
Because I want you

And oh no, I think I lost myself in your deep blue eyes
And oh no, I think it's time we cut to the chase tonight

Oh, it's you, and it's true
You're electric I can't get over it
Oh, it's you, and it's true
You're electric I can't get over it
I can't get over it

I'm feeling you, you feeling me
What exactly is holding us back?
I'm feeling you, are you feeling me?

I'm feeling you, you feeling me
What exactly is holding us back?
I'm feeling you, are you feeling me?

Oh, it's you, and it's true

You're electric I can't get over it
Oh, it's you, and it's true
You're electric I can't get over it

I'm feeling you, you feeling me
What exactly is holding us back?
I'm feeling you, are you feeling me?
