We're too young
this is never gonna work,
that's what they say,
you're gonna get hurt.
But I know somethin they don't.

I hear your heart, beating right in time.
Right from the start, knew i had to make you mine.
And now I'll never let you go.
Don't they know that love won't lie?

Don't listen to the world, they say we're never gonna
make it.
Don't listen to your friends, they would've never let us
start.
And don't listen to the voices in your head, listen to
your heart.

This promise doesn't have to be tonight?
Just whisper, i can find you in a crowd
I think it's time we ran away.
Your father says im not good enough, and
your mother she said that this is just a phase.
I think that we should run away!

Don't listen to the world, they say we're never gonna
make it.
Don't listen to your friends, they would've never let us
start.
And don't listen to the voices in your head, listen to
your heart.
you gotta listen to your heart
go on and listen to your heart
come on and listen to your heart
it'll tell the truth
it'll set you free
it'll say that you were meant for me, and this is where
we're supposed to be.

Don't listen to the world, they say we're never gonna
make it

but i know we'll make it!
Dont listen to your friends, they would've never let us
start.
and dont listen to the voices in your head, love will
never ever let us fall apart!
you gotta listen to your heart
come on and listen to your heart
you gotta listen to your
come on and listen to your heart
listen to your heart
