### "Here Comes Alex"

at times you only live  
like a robot every day  
the only excitement in your life  
is watchin' your own TV  
everyone is a clockwork programme  
and nobody revolts  
just a bunch of kids  
frustrated

when the sun goes down  
the droogs begin  
they gather 'round in gangs  
they get their little blades  
and go out hunting

hey hey here comes alex  
and his real little horrorshow  
hey hey hey here comes alex  
got a real little horrorshow

in their crusade against law and order  
and a safe world that is not just  
they celebrate brutality  
violence and destruction  
not satisfied until they see  
the next victim suffer  
and nothing's gonna stop them  
in their merciless quest

hey hey here comes alex  
he's got a real little horrorshow  
hey hey hey here comes alex  
see his real little horrorshow

twenty against one 'till they see blood  
with their sticks and knives  
sooner or later a head will burst  
and it's already the next victims turn  
while you keep asking god to interrupt

hey hey here comes alex

and his real little horrorshow  
hey hey hey here comes alex  
don't you go to his horrorshow  
hey hey hey here comes alex  
and his real horrorshow
