We can talk  
Another band against the town  
I'll eat you up and scrap you  
And you won't mess around

Don't get drunk  
You can't handle your head  
You won't know much about it  
If a Mormon find you dead

You're a Rock n' Roll Savage  
Every night they scrape you off the wall  
You're a Rock N' Roll Savage  
One day they're gonna scrape you off the wall  
That's all...

There's not a show in town  
But man, you gotta go  
You just got to, now  
And sing them out of town

While you're feeling strong  
You know they'll run away  
Don't care about tomorrow  
Just living for today

You're a Rock n' Roll Savage  
Each night they scrape you off the wall  
You're a Rock N' Roll Savage  
One day they're gonna scrape you off the wall

Oh yeah!  
You're a Rock n' Roll Savage  
Each night they scrape you off the wall  
You're a Rock N' Roll Savage  
One night they're gonna scrape you off the wall  
Oh, That's all...  
I said that's all!  
Oh yeah!
