I really love you
Girl I really love you
You gonna love me
I know you gonna love me
Don't you know that the feelings are real so deep down
in our souls tonight
Ooh wee, Last night I wrote a letter to you, I want you to
know
Don't you know that the feelings are real so deep down
in our souls tonight
And you know
I really love you
Girl i really love you
You gonna love me
I know you gonna love me
Can I get a witness
joJo we're gonna do it this time
Can't nobody
Ain't nobody
Can't nobody sing like us
Jo Jo Jo
Sing it boy
Don't you know that the feelings are real so deep in our
sould tonight
