There they go.  
(Corporate War)  
Off to fight.  
(Corporate War)  
Not for King.  
(Corporate War)  
Not for country.  
(Corporate War)  
Of self preservation.  
(Corporate War)  
Or the nation.  
(Corporate War)  
War on the pentagon.  
War on the pentagon.

We fight in Africa.  
(Corporate War)  
In the Gulf.  
(Corporate War)  
No war in Bosnia.  
(Corporate War)  
Got no oil.  
(Corporate War)  
War on the pentagon.  
War on the pentagon.

War on the pentagon.  
War on the pentagon.

Too many promises unfulfilled.  
Too many good men have been killed.  
The hypocrites won't take the blame.  
Just like Pontious Pilot.  
They wash their hands again.  
Nine little Indians standing in line.  
One got shot, then there were none.  
Seems like no one takes the heed, and the bottom line  
is the worlds full of greed.
