Last night I had a wonderful dream about you
Dream about you
Last night I had a dream
Hope that it will come true
Last night I had a wonderful dream
I dreamed I held you in my arms
And you thrilled me with your charms
In a wonderful dream
I had last night
Your lips were oh so soft and warm
And a wonderful love was born

We were all alone
You told me that you cared
And I never will forget
How happy I was that we were there

Last night I had a wonderful dream
And now that i'm alone with you
My wonderful dream will come true

Last night I had a wonderful dream about you
Dream about you
Last night I had a dream
Hope that it will come true

We were all alone
You told me that you cared
And I never will forget
How happy I was that we were there

Last night I had a wonderful dream
And now that i'm alone with you
My wonderful dream will come true
Please come true
Wonder wonderful dream
