You've been around for such a long time now
Oh, maybe I could leave you but I don't know how
And why should I be lonely every night
When I could be with you, oh yes you make it right
And I don't listen to the guys who say
That you're bad for me and I should turn you away

Cause they don't know 'bout us
They've never heard of love

I get a feeling when I look at you
Wherever you go now I wanna be there too
They say we're crazy but I just don't care
And if they keep on talkin', still they get nowhere
So I don't mind if they don't understand
When I look at you and you hold my hand

Cause they don't know 'bout us
They've never heard of love

(do do-do-do)
Why should it matter to us if they don't approve
(do do-do-do)
We should just take our chances while we've got nothin'
to lose

[musical bridge]

Baby

There's no need for living in the past
Now I've found a love, I'm gonna make it last
I tell the others don't bother me
Cause when they look at you they don't see what I see
No I don't listen to their wasted lines
Got my eyes wide open and I see the signs

Cause they don't know 'bout us
They've never heard of love

No I don't listen to their wasted lines

Got my eyes wide open and I see the signs

Cause they don't know 'bout us
They've never heard of love
