This time, I cant take it anymore  
and last time, you went to far cause  
I've been broken, to many times when  
we first met, there were many things  
to say but now I regret, all those things  
that I said to you, and your selfish mind.

I should've known, just from the start,  
that your words, we're gonna break my heart!

Liar, will you tell me the truth someday,  
and everyday, yeaheyaeya, you walk with a smile like  
you just  
told someone a lie.

Feels like, I can't do anything today  
and like my hands are tied  
there's nothing I can say  
so I just sit here, and hope for the best to come.

I should've known, just from the start  
that your words, we're gonna break my heart!

Liar, will you tell me the truth someday,  
and everyday, yeaheyaeya, you walk with a smile like  
you just  
told someone a lie.

I should've known, just from the start  
that your words, we're gonna break my heart!

Liar, will you tell me the truth someday,  
and everyday, yeaheyaeya, you walk with a smile like  
you just  
told someone a lie.
