### "3 AM"

It's 3 AM in the morning  
You lay beside me as we're fallen  
But you're so close to me  
As we're walking down the city streets  
My shadow is kissing the girl that I'm missing

This is what we do in the city  
Everything we know will disappear  
You can have it all in a minute  
This is what we do when we get lost in you

It's 5 AM and you call me  
I hear your voice whisper softly  
Telling me, don't leave  
'Cause I'm lost inside these city streets  
A shadow was kissing the girl that I'm missin'

This is what we do in the city  
Everything we know will disappear  
You can have it all in a minute  
This is what we do when we get lost in you

It's getting hard for me to see  
That you're not the one for me  
So I'm making my escape again  
(Gonna take the back door)  
It's getting hard for me to see  
That you're not the one for me  
So I'm making my escape again

This is what we do in the city  
Everything we know will disappear  
You can have it all in a minute  
This is what we do when we get lost in you

Lost in you  
Lost in you

This is what we do in the city  
Everything we know will disappear  
You can have it all in a minute

This is what we do when we get lost in you
