(Another night at the disco)  
(Another night at the disco-oh-oh)

Another night, but that's alright  
I should've stayed home but I won't miss this  
Angelic girl, she's dressed to kill  
And she knows the boys just can't resist it

1, 2, 3, she's looking at me  
So take a shot cause I know what you want  
No, I don't need your name  
Keep playing this game  
You're just another girl at the disco

Another night at the disco  
Another drink 'til I kiss you, oh oh  
It's getting late but I'll take you home  
Another night,  
Another night at the disco

It's getting late, but that's okay  
Whatever it takes, you're coming with me  
The music plays, our bodies sway  
I got what it takes so come and get me

1, 2, 3, she's looking at me  
I'll take a shot cause I know what I want  
No, I don't need your name  
Keep playing this game  
You're just another girl at the disco

Another night at the disco  
Another drink 'til I kiss you, oh oh  
It's getting late but I'll take you home  
Another night,  
another night at the disco

You're so fine, you're my desire  
Close your eyes, I'll take you higher  
Don't let go tonight, tonight, tonight  
Don't wake me up in the morning light

(Another night at the disco)  
(Another night at the disco)  
(Another night at the disco)  
(Another night at the disco)

Another night at the disco  
Another drink 'til I kiss you, oh oh  
It's getting late but I'll take you home  
Another night,  
another night at the disco

Another night at the disco  
Another drink 'til I kiss you, oh oh  
It's getting late but I'll take you home  
Another night,  
another night at the disco
