A thousand miles away from you  
Still feels you're here  
Picture clear inside my mind  
Won't give me air  
I think about you all the time  
Promise to be by your side  
When I'm home, yeah

A thousand miles away from you  
Still feels so wrong  
I'm scared to face another day  
Will our love be gone  
Other cities different lives  
Is our love so strong will we survive  
When I'm home, yeah

Take me home  
Somewhere we can be alone  
It's been so long  
Take me back where I belong  
Any other place would feel so wrong  
Take me home

A thousand miles away from you  
I know that's hard  
When we look upon the sky tonight  
We see the same stars  
I won't change the way I feel  
I always knew our love was real  
Take me home, yeah

Take me home  
Somewhere we can be alone  
It's been so long  
Take me back where I belong  
Any other place would feels so wrong  
Take me home

And I still believe  
Wait for me  
Wait for me

And I will be there  
Cause you're in my heart

A thousand miles away from you  
Still feels you're here  
Picture clear inside my mind  
Won't give me air  
I think about you all the time  
Promise to be by your side  
When I'm home, yeah

Take me home  
Somewhere we can be alone  
It's been so long  
Take me back where I belong  
Any other place would feels so wrong  
Take me home

Take me home  
It's been so long  
Take me back where I belong  
Any other place would feels so wrong  
Take me home
