We were young, I was 16
You got me begging on my knees
Fell in love when I was 19
Gave you time to think what you believed in

Take my hand, I will take you away
Together, forever
You're the one that makes me feel this way
You're my remedy, my remedy

Give me a lovestot, lovestot
So I won't stop, won't stop
You drive me crazy, oh baby
Can't you see,
Cause I know my time would be wasted
When you're not around
Searching in places for another love I will never find

I can see that you want me
I'm the boy who really cares
So come on, don't be waiting
I don't wanna be alone tonight

Take my hand, I will take you away
Together, forever
You're the one that makes me feel this way
You're my remedy, my remedy

Give me a lovestot, lovestot
So I won't stop, won't stop
You drive me crazy, oh baby
Can't you see,
Cause I know my time would be wasted
When you're not around
Searching in places for another love I will never find

Give me a lovestot, lovestot
So I won't stop, don't stop

Give me a lovestot, lovestot
So I won't stop, don't stop

You drive me crazy, oh baby
Can you see
When you're not around
Searching in places for another love I will never find
