Sing woah-oh girl,  
she's gotta be mine  
After all these years  
it's my time to shine, woah-oh-oh-oh

I can see your smile  
standing in the crowd  
All the other girls, they can scream and shout  
But I don't care, I don't care

But she's getting closer now  
And my heart starts beating loud  
Use this chance to make you mine  
Girl, you're one of a kind

Sleep with me tonight  
If you hold me tight  
I'll keep you safe and warm  
if you let me  
Sleep with me tonight  
If you hold me tight  
Let's take this chance  
to make it right

Sing woah-oh girl,  
she's gotta be mine  
And I can not wait  
for another time, woah-oh-oh  
Taking every chance, more than words can say  
No, I will not wait for another day  
So here I am, here I am

But she's getting closer now  
And my heart starts beating loud  
Use this chance to make you mine  
Girl, you're one of a kind

Sleep with me tonight  
If you hold me tight  
I'll keep you safe and warm  
if you let me

Sleep with me tonight  
If you hold me tight  
Let's take this chance  
to make it right

(Jump) into my arms  
(Jump) sound the alarms  
Don't try to run, I'm gonna get you

Sleep with me tonight  
If you hold me tight  
I'll keep you safe and warm  
(if you let me)

Sleep with me tonight  
If you hold me tight  
I'll keep you safe and warm  
if you let me  
Sleep with me, sleep with me  
Sleep with me tonight
