I've never seen your glitter shine so see-thru as  
right here  
I've been between myself on me and you  
Is it good enough for a run?  
Is it good enough for the fun?  
Now you've made me see and I'm excited 'cause....

### CHORUS

Now it's a "No"  
Now it's a big "No"  
Is that honest enough for you?  
So now that you know, it's all there  
I'll sit and watch you go  
And I ain't findin' it hard to do  
I can't believe I never saw all these clues - they're  
right here  
Like silver sprinkles in your skin of glue  
Did it look good enough for a run?  
Did it look good enough for the fun?  
Always wait to see if I'll just buy it - but...

### CHORUS

You know, you're only glitter and glue
