I know you didn't call, but maybe you wanted to
You probably figured so what,
it's late and we can fight another night
I miss you a ton and I doubt you know
I still don't like to be away too long

But still, when I call you it just feels all wrong,
cuz if I try to talk...

Well, I'm still the one who's gone, still the one who's
gone
Feels like I'm having too much fun
And I'm still the one who's gone, still the one who's
gone
Feels like I'm having too much fun

I know you didn't call, but maybe the thought scared
you
You figured I'm with someone else now
and you don't wanna die tonight
But I wish you would call me-

I'd tell you how I want so much for you to come along

And I will when I call you -
I just feel so lost, cuz if I tell it all...

Well, I'm still the one who's gone, still the one who's
gone
Feels like I'm having too much fun
And I'm still the one who's gone, still the one who's
gone
Feels like I'm having too much fun

I thought I'd find out while I dove
but now I know I don't wanna have it all if I'm gonna feel
so alone

Well, I'm still the one who's gone, still the one who's
gone
Feels like I'm having too much fun
And I'm still the one who's gone, still the one who's

gone
Feels like I'm having too much fun
