Don't lie little darlin' - you're all in love
Who else rides a week night in a nowhere bus?
- Sorta rough, but this one's a little faster than I
thought
Don't lie - we'll know
Little Apple girl, we'll know

CHORUS

Hope you don't mind it if I'm - if I'm outta line
'cause I've been drinkin' and I'm felling fine - felling
fine
Twenty bucks to just say - say what's on my mind
I couldn't then, but who cares - now it's time - now
it's time
Don't cry little darlin' - it's all in fun
Your heart's not a target for my loaded gun
Sewed her up, but this one's never gonna come
undone
by us - we're drunk
Little Apple girl, we're drunk

CHORUS
