Nate Dogg feat. Tray Deee

Bag O' Weed

You can bring the bottle of wine  
Call me whenever, we can get together  
And have us a real good time

[Nate Dogg]

Its still morning  
I'm still yawning  
outside my window  
someone's calling  
her name was Micky  
habits freaky  
she liked to do me  
her and her homeys  
did I mention  
that I'm balling  
rollin on gold ones  
thats right, crawling  
thats why she's jocking  
early this morning  
I'm feeling under the weather  
I'll soon be feeling better  
dont forget the paper this time

[Chorus x2]

(Somebody's calling)  
I'll bring the bag of weed  
(outside my window)  
You can bring the bottle of wine  
(somebody's calling)  
Call me whenever, we can get together  
(outside my window)  
And have us a real good time

[Tray Dee]

Call me whenever, but never ever after 10  
cuz I got to be at home with my bitch and my kids  
I hit the skin flip the twin lips of love apart  
get to diggin in ya ligaments then bust ya heart

cuz from the start, soon as we sparked the bag I  
brought  
I seen you chokin through the smoke noticed your  
titties was taut  
you caught, up in the game that I came to spit  
I cracked the hennessey and entered DP gangsta shit  
you wanna get with this, or is you in to twist  
the game up and make me cum just to say you came  
up  
and gained what another strike on your rap  
when you coulda kept your mouth shut and right on the  
step  
with the program knowin damn well you wrong girl  
cuz I shook you and took two of your homegirls  
you played yourselves so I had to leave  
baby shoulda just chilled off this bag of weed

[Chorus x2]  
(Somebody's calling)  
I'll bring the bag of weed  
(outside my window)  
You can bring the bottle of wine  
(somebody's calling)  
Call me whenever, we can get together  
(outside my window)  
And have us a real good time

[Bridge x6]  
I can bring the fat ass bag of weed  
I just now left the spot  
you can bring the cold ass bottle of wine  
and make that your first spot

[Chorus x3]  
(Somebody's calling)  
I'll bring the bag of weed  
(outside my window)  
You can bring the bottle of wine  
(somebody's calling)  
Call me whenever, we can get together (outside my  
window) And have us a real good time
