One day you're sure of the words to say
If only you knew that I felt this way
I wanna give my heart to you
Show me the way that you want me to

I know for sure there's a place for us
I'm counting the dawns till I feel your touch
You come to me when I dream at night
When I'm with you I would be so wrong

If you could see the love in my eyes
You should know that I'm on your side
Oooh...
I'll be yours, you'll be mine
Oooh...
What will I do
(4x)

If you could see the love in my eyes
You should know that I'm on your side
Oooh...
I'll be yours, you'll be mine
Oooh...
What will I do
(4x)
