Smile some more for me, ohhh

I can see in your eyes  
Don't you try to deny  
He went and let you down again  
So don't you tell me I'm wrong  
We've been friends for too long  
It's time for something else to begin  
So won't you say if you like  
'Cause I know that I like  
To be your very special man  
You don't have to say now  
Just think on it awhile  
But I really hope that you understand

You need to smile some more  
No need to cry no more  
I'll show you what I have in store  
You and I forever more  
I'm down for you each night and day  
So smile some more  
Oh oh oh  
Just smile some more for me

Girl I wish I could be everything that you need  
The one that you feel that you could belong to  
I won't let you down  
Will always be around  
The one I wish that you will run to

You need to smile some more  
No need to cry no more  
(no need to cry at all)  
I'll show you what I have in store  
You and I forever more  
I'm down for you each night and day

So forget about your yesterdays  
Tomorrow isn't far away  
If you spend forever with me  
I swear that you'll never look at me

With any sadness in your eyes from now on  
You'll only be happy, yeah

You need to smile some more  
(You need to smile some more)  
No need to cry no more  
(No need to cry at all)  
I'll show you what I have in store  
(I'll show you what I have in store)  
You and I forever more  
I'm down for you each night and day  
(Night and day)
