"Counting Down"

Tell me why

I'm so blue

Why I'm losing myself inside

Tell me what should I do

Never thought I'd have tears to hide

I know

I'm missing you

I know it's true

Now I'm just counting down the hours

Now I'm just counting down the tears that I cry

Cause I always thought we'd be forever

Now I'm just counting down the days since you were
here

Conversation's so hard

There's not a single day that you fall from my mind

I keep the perfect facade

Nobody knows how I burn deep inside

I know

I'm missing you

I know it's true

CHORUS

I'm so alone

Now I count the moments

Since you went away

There's just nothing to compare

Now I count the days

CHORUS
