You can say love's forever

And find it never stays

In you I've recovered

The one thing that must remain

I'm tired of a world undone

I've figured out you're my setting sun

Chorus:

It's cruel

The way I'm needing you

Guess I'll play the fool

It's my heart, not my mind and it's taking over

Cruel

Suddenly it's true

No longer can I choose

It's in you I'm defined and there is no other

Oh it's cruel

Oh it's cruel

I can hold back emotions

Get lost in a maze

But this urgency tells me

I just can't refrain

Dreams have come and passed me by

But now it's time to redefine

Chorus

I've seen it come and go so many times

But this is critical - the truth I can't hide

And I don't know why

Chorus x2 to fade
