If you cannot depend on the one that you love

Depend on me

Where did you go?

Where did you come from?

'Cause I been waiting

For the perfect line and I'm just in time

I'm not one to judge wrong from right

I just like the way you're dressed tonight

I don't think I've seen you here before

We ain't got no time to socialise

It's there in your eyes

That you need someone that you can depend on

If you cannot depend on the one that you love

Depend on me

If you're wanting a man who can give you all you need

I'm your man

You need someone

Don't waste your time

Ain't nobody

Gonna wait all night for you to decide

I'm not one to judge wrong from right

I just like the way you're dressed tonight

I don't think I've seen you here before

We ain't got no time to socialise

It's there in your eyes

That you need someone that you can depend on

CHORUS

If you want love,

If you want faith

If you want a man who's richer baby

If you want love - I'll satisfy

If you want love,

If you want faith

If you want a man who's rich,

I'll satisfy.

We got time so we can fool around

Satisfy our every need

Maybe baby we can lose the crowd

Play the music loud

'Cause I just wanna be with you, baby, be with you,  
baby,

Baby you have always been the one that I been looking  
for

And you need someone that you can depend on

CHORUS
