Never before have I seen you look so blue

Can't find a cure and nothing comforts you

The light at the end of the tunnel

Doesn't shine at the end of the day

CHORUS

Every time you cry

Save up all your tears

I will be your rainbow when they disappear

Wash away the pain

'til you smile again

I will be the laughter in your eyes

Every time you cry Every time you cry

Time has a way of wounding what has healed

What can I say, I know just how you feel

Your soul is dark and troubled

Like a river running wild

CHORUS

Well you know that's what I'm here for

And I will give you when you need more

There'll be no hesitation

I will reap no reward

CHORUS to fade
