There's a long road ahead
You can ride on forever
And the dusty red
Can clear away your mind
There's no need for better

Now she's there
When all of my thoughts are gone
And the scent of her hair
Can carry me along
There's no need for better

My paperback fairytale
Oh nothing can vent me falling for her
How can I stand and watch her walk away?

CHORUS:
When she's taken my heart
She's taken my soul
And without my noticing
She's taken my word

The road goes on
And time teaches everyone
Once love's gone it tears a piece inside
So how can I leave her

My paperback fairytale
Oh nothing can vent me falling for her
I'll never turn and let her walk away

CHORUS

Cherish the moment I look in her eyes
Time on my hands seems to pass like the skies
Poured all her heart into mine
'Cause she's taken over

She's taken my heart
She's taken my soul
She's taken my word

She's taken everthing

CHORUS

She's taken my time
She's touched me deep inside
And without my noticing

CHORUS
