"We Can Fly Away"

When you're cold
When you're down and lonely
Deep in need of a helping hand
Come to me, let me take your hand in mine
We can fly away
In your heart
Know that I'll always love you
I'll show you love, love like you've never known
You will see, there'll be no need for you to cry
If you only believe
Then we can fly away
Then we can fly away
Then we can fly
I will stand by your side forever
Understand what you mean to me
You should know you are my one true angel now
We can fly away
We can fly away
Come to me, let me take your hand
Oh....
Come to me when you're down and lonely

Deep in need of a helping hand

Come to me, let me take your hand in mine

We can fly away
