[Intro - Paul Cain]

Yeah, Desert Storm niggaz, Cain
Ghetto, I got these niggaz man (uh huh)
Clue! (yeah), I'm the first line of defense (yeah)
And I'ma show 'em what that means (yeah)

[Chorus 1 - Paul Cain]

I know these niggaz hoped I wouldn't make it - fuck you
Your hatred only made me wanna cake ya - fuck you
Wherever I see you nigga I'ma buck you
And put a hole in your chest that's big enough to drive
a truck through

[Verse 1 - Paul Cain]

I bring the drama back where you lives, flatter your wiz
Reload and then point the Mag at your kids
So what I sound remorse, the records I still peep guns
on me
But the difference now is only Deserts
If I talk it's gonna be reckless; I'm ready to die
So when I apply pressure, niggaz gon' respect it
Tote guns to rob niggaz, I told 'em to use
And leave enemies of friends that like broken and
bruised
They ain't crazy, they just broke and confused; cross
me
And they'll be talks of how they found the man smoked
on the news
I'ma career crook - they used a mug shot from my
graduation picture
And my junior high school yearbook
Paul Cain never appear shook
Yeah I might talk to my enemies but never police (nah)
You wanna converse it better be brief; you ain't gotta
say much
Show me the money and the cheddar'll speak
If it ain't involvin bread, I ain't with it
I don't need D's on me, I'm already dodgin Feds
When the shots from the revolver spread
Duck, I don't discriminate, leave CEO's and artists dead
Make slugs a part of his head

Vanish then pop up in a SL double nickel, scarlet red
Fuck you I'm tryna get my cash right
All my niggaz flip birds and blast pipes, addicted to the
fast life
Live everyday like my last night; OD'in or X
When I got signed like Len Bias on draft night (yeah)
Niggaz (uh), Street Dreams (yeah) (uh), (yeah)

[Chorus 2 - Fabolous]

I see ya faggot ass schemin - fuck you
Bitch you don't wanna swallow semen - fuck you
No you hate the way I'm "Street Dreamin" - fuck you
That's why I ridin, clappin, wit the .40 Cal screamin -
fuck you

[Verse 2 - Fabolous]

When I pulled the 5 out; I kinda expected
For the backstabbers, to be standin behind me, wit they
knives out
Then the Range, wit the fins drove in
I wasn't shocked to see my foes, dressed in friends
clothin
But - I still pull through the sty; wit handguns
As big as the one, Robocop pulled from his thigh
You prolly heard about the bullets I buy; and how it look
like
I'm throwin batteries, when the bullets shoot by
So what, you wear a vest, why would I care
If I aim for ya chest, that be a good idea
Nigga, it's nothing to clap ya; but I'm more worried
Bout the groupie cops, who wanna put they cuffs on a
rappa
That's why I'm limpin off wit a freak; and a lawyer
Who woulda got O.J. Simpson off in a week
I could show you how to blow up on ya own; in a Benz
That'll hit a buck! and make the windows go up on they
own
Wit a stash box compartment for; a handgun
That make holes the size of peep holes, on apartment
doors
My closet look like department stores; and you wonder
why
Ya girl's comin home, wit a cigar sip for
Cause I just dump the light Dutch, mash the guts
You won't believe how much ass I touch
Who else struts pass the sluts, and a chain wit so much
Ash and cuts, that it hangs much pass the nuts
That's why I get followed by broads; wit deeper throats
Then the people at the circus, that be swallowin swords
Y'all hopin that the Don fall off; but my money's long
enough

To keep shootin ya bank until, ya arms fall off
I'm eatin, and I ain't have to use someone's utinsels
And when you clean as me, you know that every bum is
against you
But please don't let someone convince you; to test the
kid
And get hit wit slugs as long, as a No. 2 Pencil, fucka

[Chorus 2 - 2x]
