The rain falls down but the sun still shines,  
And as you smile you start to cry,  
So I wipe the tears from you eyes,  
I painted pictures in my mind of a paradise I long to  
find,  
But will it make anything alright?

If I'm not wrong then I must be right, just as day must  
follow night.  
I climbed the mountain to your heart,  
I long to hold you from the start,  
The rain falls down but the sun still shines,  
As you smile you start to cry  
So I wipe the tear drops from your eyes.

If I'm not wrong then I must be right, just as day must  
follow night.  
I climbed a mountain to your heart,  
I long to hold you from the start.  
The rain falls down but the sun still shines,  
As you smile you start to cry,  
So I wipe the tear drops from your eyes.

I see the blue skies turn to grey  
Just hope our lives don't do the same.  
And we shine on through those cloudy days.  
Hold the future deep inside,  
To live the dreams lost in our minds,  
But will it make anything alright?

Alright  
Alright  
Alright

If I'm not wrong then I must be right, just as day must  
follow night.  
I climbed a mountain to your heart,  
I long to hold you from the start.  
The rain falls down but the sun still shines,  
As you smile you start to cry,  
So I wipe the tear drops from your eyes.

If I'm not wrong then I must be right, just as day must  
follow night.  
I climbed a mountain to your heart,  
I long to hold you from the start.  
The rain falls down but the sun still shines,  
As you smile you start to cry,  
So I wipe the tear drops from your eyes.
