[ VERSE 1 ]

More terrifyin than a handgun  
Watch your man run, cause he can't stand Sun  
When I let loose the lights  
And radiate heat to any zigga in the street that try to bite  
Oh shit, the nigga bit, and ain't protected  
Cause they felt like the whole world respected  
The hypocritical, talkin loud but ain't sayin nothin  
Like I'm jealous all of a sudden  
Boy, let me tell you 'bout life and bein hard  
Jealousy's a devil, I'm true and livin God  
The 5 Percent, not the jive percent  
But the live percent, fuck that 85 Percent  
And his accomplishments  
I make only cream with the God supreme  
Life is real, reality is not a dream  
Those who chose to sleep, I wake em up  
Cause you're sleepin with your mouth open hummin  
deez nuts

[ CHORUS:

[ VERSE 2 ]

I never let the worst things in life get the best of me  
Take these testees and ehm - open sesame  
Here's a magic word you'll find absurd  
Bitches always talk about me, so fuck what you heard  
And what you're sayin, cause it's all propaganda  
Soon as I blow up you show up with the slander  
I hit you for a reason: skeezin - now I'm a woman beater  
Women don't cheat, but quick to call a man a cheater  
Now you're runnin to the next man  
Like he really cares, stupid bitch, it's just a sex plan  
I cut you off and found another girl to step to  
Now you're comin back, cause the next man left you  
I see you catchin mad hell on your own  
Whatever happened to that you wanna be alone?  
It wasn't you he really wanted, it was the butt  
Now you and him can both humm deez nuts

[ VERSE 3 ]

I make a party bounce like a bad check  
But some brothers flex like they're the ones catchin  
mad wreck  
You could't catch a cold in the rain  
So maintain before you'll be the next juvenile slained  
Man, I thought you knew better, gee  
You must not be from around here and don't know my  
pedigree  
Allow me to show and prove for ya  
I represents like a lawyer, I lyrically destroy ya  
Rhyme rehearsin, fake underground cursin  
Rapper, when I'm not emceein I'm just a person  
Ordinary? No - Legendary? Maybe  
Drivin Miss Daisy crazy, then I'm swayze  
Dukes, and like Luke's my crew is 2 live  
If it's business, I'm with this from 9 to 5  
If it's pleasure you're seekin, my man, guess what  
It might please you to know that you can humm deez  
nuts
