This track is goin out to anybody who think they all that
When you ain't shit

[VERSE 1]

Hey yo, what's up with your man, I think he needs to
beat it
I can't stand a muthafucka who act conceited
When I flip, niggas be thinkin that I'm on a mission
I know he sucked a lotta dick to get in his position
So I'm supposed to be impressed with his lifestyle?
That's why the Undercover Lover got your wife now
While you be fuckin around with someone outta town
I got your girl up in the telly on her belly down
Doggy style, hot water couldn't get me off
Whenever he gives her money, honey hits me off
I get the cash, I make her hit the stash
When I'm finished hittin that ass I break out like a rash
So there's no need for me to jeal' your clientele
Why sweat the next man because the lives well?
I know you're gettin paid and supposed to have it made
But your girl's gettin laid, so who's gettin played?
The way I figure I guess my dick is bigger
And even with loot you'se a crab-ass nigga
Picture me jockin, cause that'll be a flick
See, niggas in the Bronx don't suck no dick

I said New York is thick
(We suck no dick)
Yo, I said New York is thick
(We suck no dick)
Yo, I said New York is thick
(We suck no dick)
(Aight)
My posse from the Bronx is thick

[VERSE 2]

Now check it, every 3 tenths of a second
Wack new jacks be comin out with they records
Don't let the record be a smash or a hit
Cause then these fake rappers start thinkin they the

shit

Now they don't write, can't fight, never was hardcore

Yo, what's the name of that movie? (Uh - _CB4_)

Yup, and I be ready to serve em up

Cause they got juice and I got a empty cup

And now all the other rappers wanna sweat em

Puttin em in they videos and makin records with em

Used to call my house like 8 days a week

But now I see em in the club, the muthafucka can't
speak

Your style was sloppy, so they had to fine-tune it

Niggas get souped up when they sell a million units

Catch a little tour, you wanna run for president

Before you started rhymin you was always in your
residence

Like a little bitch, you switched when you signed

Want me to sweat yours, cause you was sweatin mine

Don't be suprised when you get your ass flipped

Yo, Sun don't be suckin no dick

New York is thick

(We suck no dick)

Yo, I said New York is thick

(We suck no dick)

You know I said New York is thick

(We suck no dick)

(Aight)

My posse from the Bronx is thick

[VERSE 3]

But yo, check it

This is from your peoples on the East Coast

Ice Cube, you on the tube playin all high post

Bt wuhen you was in some beef, I was there to help

Then when I needed help, I had to help my damn self

This is for the record, yo, but off the books

I hit you with my demo, when you crooked my hook

Yo, that's wicked, I kicked it and pursued Uptown

When the 'boys in the hood' 'trespass', we beat em
down

Check your neck while I flex some New York slang

Niggas don't really be true to the game

But what's so hard about puttin me on

Yo, 'today was a good day' for O'Shea, and not Sun
Born

Now I know how you're livin, punk

On the East Coast you got beef in the Bronx

So when you come to New York, you best to roll thick

And don't be tryina suck Zulu Nation dick

Yo, half the rappers in New York went soft

Sweatin niggas from Cali is how New York fell off

Get your best MC, I dust him off right quick
Cause real niggas in the Bronx don't suck no dick

I said New York is thick
(We suck no dick)
Yo, I said New York is thick
(We suck no dick)
You know I said New York is tick
(We suck no dick)
(Aight)

Know I said New York is thick
East Coast got dissed
All my peoples on the West Coast, all peace and love,
baby
But we gots to rock the house
Suckin no dick, money
Raw for '94
The Boogie Bang
Aight
Strictly Ghetto
Cold Chillin'
Representin East Coast like that
