A memory of you in my head  
I'd rather love you instead  
After all the pain you've put me through  
Sometimes at night I still need you

Pre chorus  
You took me through changes  
But no one loves me like you do  
Love leaves me so empty  
And when you're gone  
I fall apart

Chorus  
Every now and then  
Every now and then  
I want to call you  
Every now and then  
Every now and then  
I want to call you

Promised myself  
A thousand times  
I'd learn to live  
Without your smile  
Other loves try to take  
Your place  
But your sweet touch  
I can't erase

Pre chorus
