Rollin' along Pacific Coast Highway  
Bummin' along to my radio  
Saw a blond hitchin' my way  
Rolled up and said, "How far do you wanna go?"

She been hummin', thumbin'  
Hitchin' and wishin'  
For a good day  
On Pacific Coast Highway

Looked in at me and when I could see her  
She seemed to be somebody I ought to know  
Opened the door, sat down beside me  
Then with a roar we started to roll

She been hummin', thumbin'  
Hitchin' and wishin'  
For a good day  
On Pacific Coast Highway

Looked like a swan  
But brown as Chuck Berry  
A summer's dawn  
Yeah, light as a fairy

We got to town  
She said her name was Mary  
She been hit, she been whipped  
She been hummin', she been bummin'  
All her life

On the highway, on and on  
On the highway, on and on  
On the highway, on and on  
On the highway, on and on
