Today on TV, i saw a documentry bout' time, and
vision.
And a man said;

ref:
Its just a few more years
(just a few more years)
to the year 2000, everything here
(everything here)
will be different by then.

People everywhere (aaaaah)
the sands of the is running out (aaaah)
it's time for us to share, time to spend fredom all
around!

ref:
It's just a few more years
(just a few more years)
to the year 2000, everything here
(everything here)
will be different by then.

And all of the people (all the people)
all the love were planning (all the love were planning)
will still be here in the year 2001

there's gonna be a party (everyone is invited)
a party on newyears eve (on newyears eve)
december 31, 1999
and for those who come wont be uninvited
there will be no more fighting, at that time

ref:
Its just a few more years
(just a few more years)
to the year 2000, everything here
(everything here)
will be different by then.

Look to the stars.

we can live in harmony,
everything is ours, we can shape our destiny

ref:

Its just a few more years
(just a few more years)
to the year 2000, everything here
(everything here)
will be different by then.

And all of the people (all the people)
all the love were planning (all the love were planning)
will still be here in the year 2001
