[Ced Gee:]

Yeah! Ultramag, it's Ultramag  
Ced Gee, Kool Keith - let's go  
Check it

Turned on your switch  
Let's go ma, make me twitch  
Get raw ma, collect these chips  
It's yours ma, you got the gift  
Work my stick, make it stick  
Don't stop now, do the split  
Keep makin moves  
Get your dance on, show and prove  
It's a marathon, do the do  
Get your wiggle on  
And shake your bon-bon, shake your bon-bon  
You at it again - go, go  
Make it clap - slow, slow  
Jiggle it baby, oh so graciously  
Let it flow, you such a pro  
On the roll, 'bout to blow  
We gon' take your show on the road  
And make it happen  
Let your body rock, see us clappin  
Just drop - now ain't it good to you?

[Chorus:]

Now ain't it good to you? [x4]

[Kool Keith:]

Girl get up, pump your butt, hit the pole  
Dollar bill fold, don't handcuff she chose  
My picture on her painted toes  
Baltimore to Fillmore  
Girl around the table think I'm from the Orioles  
Slide in hit her from the side like Kim Park in the pros  
My cum wet your tonsils  
Bernard behind the consoles  
I let Keyshia Coles see me on the toilet when I drop  
loads  
They come with pants on

Your difference is surprising in the winter when slacks  
froze  
I gave you the leftovers, I put Pam in your rolls  
Now ain't it good to you?

[Chorus:]  
Now ain't it good to you? [x2]

[Ced Gee:]  
Yeah  
Ma dance and move, feel the groove, look at dudes  
Ma, you look sweet in your shoes  
Work the bottom, work the top  
Ma your weave thorough, don't look like a mop  
You play what you got, you lookin hot  
You collectin crazy dollars up in the spot

[Kool Keith:]  
Pump pump pump pump me up~!  
Soup me up, girls get your cat and scoop me up  
The Shaggy raggy nature chick, in the Mystery Machine  
Girl rock a thong like Daphne  
Women cars pull me over to sign bras!  
That's what they askin me  
Little girls fightin to take my picture  
Your mom think I'm Greg Anthony  
Ain't it good to you?

[Chorus:]  
Now ain't it good to you? [x8]
