I'd like to think that we're more than just bodies
This love is complex but no one is heartless
I don't think that we all feel the same...
I feel trapped in another moment
My head spins but I can't control it
I don't think that I'm gonna be able to stay...

You and me
We'll make up everything
We feel and see...

Anywhere but here right now
Your life on a different cloud
And we are all lonely people
Anywhere but here right now
Your life on a different cloud (We are all...)
And we are all lonely people

Sometimes I feel like I don't have a purpose
I close my eyes but my brain keeps workin
I look inside but all I find is me...
I act different around every person
I talk shit just to get your attention
I don't think that I'm gonna be able to stay...

You and me
We'll make up everything
We feel and see

Anywhere but here right now
Your life on a different cloud
And we are all lonely people
Anywhere but here right now
Your life on a different cloud (We are all...)
And we are all lonely people

You and me
We'll make up everything
We feel and see

Anywhere but here right now

Your life on a different cloud
And we are all lonely people
Anywhere but here right now
Your life on a different cloud (We are all...)
And we are all lonely people
