A memory of you in my head

Id rather love you instead

After all the pain youve put me through

Sometimes at night I still need you

Pre chorus

You took me through changes

But no one loves me like you do

Love leaves me so empty

And when youre gone

I fall apart

Chorus

Every now and then

Every now and then

I want to call you

Every now and then

Every now and then

I want to call you

Promised myself

A thousand times

Id learn to live

Without your smile

Other loves try to take

Your place

But your sweet touch

I cant erase

Pre chorus

Chorus
