Visit "[Situation: Critical](#)" on MotoLyrics.com

After all this time  
You think somebody might of learned  
Their lesson  
After everything is gone then  
What you gonna do  
You think you might want to hold back  
You think you might want to give back  
You think you might want to turn back

Somehow things must change  
And it's got to be for the better  
Someday soon will bring  
Peace and love to share  
With your brother  
You think it might be too hard  
You think it might be too far  
You think it might take too long

Chorus  
Situation's critical  
In your life  
Situation's critical  
In your life  
In your life

You might not ever think that  
What you do makes a difference  
But if you'd only try  
You might save someone's life  
So what you gonna do  
It's always up to you but

Don't don't don't you give up  
Don't don't don't you give up  
Don't don't don't you give up

'cause when you think about it  
You got to give it all you've got to give  
You got to get back in and try it again  
'cause that's the only way to make it today

Chorus
