Pull me from the toaster  
Straight into the roaster  
Fill my head with the stuff  
Brightest dreams are made of

Bringing me down again  
Bringing me down again  
Bringing me down again  
Bringing me down again, duh

Promising the big guns  
Reward when the light comes  
Screaming from the damage done  
Screaming from the damage done

Bringing me down again  
Bringing me down again  
Bringing me down again  
Bringing me down again, duh

Butter me up, butter me up  
Butter me up, butter me up  
Butter me up, butter me up  
Butter me up, butter me up

Butter me up like I know you will  
Cover it up like I know you will  
Better yourself like I know you will  
Breaking the trust like you always will

Be good for it, you never will  
Be good for it, you never will  
Be good for it, you never will  
Be good for it, you never will

Butter me up, butter me up  
Butter me up, butter me up  
Butter me up, butter me up  
Butter me up, butter me up, duh

So you think you got the best  
Thought I was like all the rest

Reaping from the damage done  
Reaping from the damage done

Bringing me down again  
Bringing me down again  
Bringing me down again  
Bringing me down again, duh
