I was locked, I was down and cynical  
out of trust, out of faith in miracles  
Tryn' to find something real to carry me home  
A twist of fate and you came to turn the page  
We collided in a rush and the weather changed  
You found a way, made me feel I'm not on my own  
And against the odds we found a spark  
The barricades they come apart  
The time has come I'm here to let you in

Out of the cold  
Into the sun  
We could be something right  
No holding back  
No strings attached  
Why don't you come closer?  
Lighting my sky  
Shaking my world  
You're loving me back to life  
Heart over mind  
The stars align  
Why don't you come closer?

In a world that's become to virtual  
We connect and the nights turn beautiful  
And the light in your eyes is letting me know  
That against the odds we found a spark  
The barricades they come apart  
The time has come I'm here to let you in

Out of the cold  
Into the sun  
We could be something right  
No holding back  
No strings attached  
Why don't you come closer?  
Lighting my sky  
Shaking my world  
You're loving me back to life  
Heart over mind  
The stars align

Why don't you come closer?
