Okay,
I know that I'm alone
The second I get home
Cause nothing's changed at all
And everything's just how I left it

My cup's still by the sink
And that book that makes me think
Still on the page I was
This morning as I was leavin'

Yeah I can go anywhere,
Anytime that I like
I'm the one who decides
When to turn out the light
Got everything that I want
And a little bit more
But there's a hole right here
That wasn't there before

Never thought that I would say this
Single life is overrated
Never thought I'd ever miss you
Cause I was the one to let you go but without (you)
I'm lost and I don't know how (to)
Get back the love I had but (threw)
Away
Never thought I'd miss complicated
Alone is overrated

So I got this brand new life
And it felt good for a while
Sure I had fun, I partied with the best
But it's only when I stop
I realize what I haven't got
Only so many times you can wake up, wake up at a
strange address

I want your stuff on the floor
The sound of me slammin' doors
Now I got all the space I don't know what it's for

Sometimes what you think you want, is not what you
really need
Right now I'd give anything to have you here with me

Never thought that I would say this
Single life is overrated
Never thought I'd ever miss you
Cause I was the one to let you go but without (you)
I'm lost and I don't know how (to)
Get back the love I had but (threw)
Away
Never thought I'd miss complicated
Alone is overrated

I didn't think it through
No I can't believe that you
Won't be walking through that door
Is all I'm askin' for
I'm on my own

I never thought that I would say this
Single life is overrated
Never thought I'd ever miss you
Cause I was the one to let you go but without (you)
I'm lost and I don't know how (to)
Get back the love I had but (threw)
Away
Never thought I'd miss complicated
Alone is overrated
Alone is overrated
Alone is overrated
Alone is overrated

I miss you...
