Sleepwalk, sleepwalk, sleepwalk

Rolling and falling, I'm choking and calling
Name after name after name

Sleepwalk, sleepwalk, sleepwalk

Naked and bleeding, the streetlights stray by me
Hurting my eyes with their glare

Sleepwalk, sleepwalk, sleepwalk

Helplessly breaking, exchanging my faces
Destined, we had to collide
Sleepwalk

Caught on the outside, I'm crumpling and crawling
Watching the day drag away
Spiraling deeper, I can't feel my fingers
Rip round my throat as I dream
Dream

Sleepwalk, sleepwalk, sleepwalk
Sleepwalk, sleepwalk, sleepwalk
Sleepwalk, sleepwalk, sleepwalk
Sleepwalk, sleepwalk, sleepwalk
