(Skylar)

Hey what's the matter wit' you guys back there,
You sure look beat or somethin', you been knockin'
yourselves out?

We want a 15 minute intermission boss
We want a 15 minute intermission boss
We want a 15 minute intermission boss
With your permission!

You gotta be kiddin' man!

We want a 15 minute intermission boss
We want a 15 minute intermission boss
We want a 15 minute intermission boss
With your permission!

Intermission!
When makin' music gets to be a chore
An intermission is your only cure
To ease your palpitatin' embouchure
You'll never get to heaven if you treat us this way!

Want a 15 minute intermission boy,
15 minute intermission boy,
15 minute intermission boy

Mmm - Intermission!
