Endless nights I'd play Solitaire
Imagining that you were here
One night flights, such heartless affairs
They froze the hopes of love in me

You suddenly appeared
Melted all my fears
Filled me with the love that I need

You make me smile again like a child of three
And I believe it will turn out right baby
Oh, you make me smile again
Hold me in your arms, ooh love, my love

Heart to heart our souls intertwine
Make love and float away with me
Twins of flame, a love so divine
I want to spend my life around you

Now, now I have the strength
Now I have the hopes
You give me all I need

To make me smile again like a child of three
And I believe it all will work out right
Oh, you make me smile again
Hold me in your arms, ooh love, my love

You make me smile again like a child of three
Oh, I believe we'll live a dream for two
Oh, you make me smile again
Hold me in your arms, ooh love, my love

You make me smile again like a child of three
I believe it all will work out right
Oh, you make me smile again
Hold me in your arms, ooh love, my love
